SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 31 regular men, a chief, a captain, a lieutenant (detective), and administrative clerk, 2 traffic clerks and approximately 75 special officers. The Police Department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 30 regular firemen; a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a Rescue Wagon.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$500.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Landfill may be found elsewhere in this report.

Zoning Ordinances are available at City Clerk's Office.

The Municipal Swimming Pool is located at the White Playground off Jackson Avenue.

The Chaffee Art Gallery is located on South Main Street (US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of US 7.

Rutland Mental Health Service, Inc. is located at 78 South Main Street.

The Rutland Historical Society is located on Center Street

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 p.m.

The Board of School Commissioners meets on the third Tuesday of each month.

Rutland is a central area of the surrounding ski country.

CITY ELECTION day is the first Tuesday in March — March 2, 1976.

Copies of individual city ordinances are available to the public.

There are three ice skating rinks located in Rutland and also a small ski tow with instruction available.

Power Lawn Mowers—It is a violation of City Ordinance to use power lawn mowers in such a manner that they blow grass or leaves into the street. (R.O.R. Sec. 4462).

Dog Ordinance is to be found elsewhere in this report.

Pee-Wee Hockey, Rutland Fairgrounds, call Recreation office.

Dedication

"Mr. Music"

"Shoes-Too"

With gratitude and a sense of satisfaction, the City of Rutland dedicates its 1975 Annual Report to Carleton Wilson and Raymond A. Hughes, in recognition of their continuing endeavors to sustain and improve the Rutland City Band.

The Band is a unique and viable organization. Twice a week during the summer months, young to old musicians play tunes for young to old listeners in a festive atmosphere at Main Street Park. These concerts are regional attractions.

But the Band could not continue on its own momentum. It requires the enthusiastic leadership of men like Carleton Wilson and Raymond Hughes.

Mayor's Message

To the Citizens of the City of Rutland:

I greatly appreciate your confidence in re-electing me Mayor.

I promised that I would continue to operate our City on a business like basis. I will keep a watchful eye on all spending and you have my assurance that I will expend every effort in maintaining our City's fiscal responsibility.

Unprecedented inflation has created an almost impossible situation for our City, as well as our people.

I know the importance of money, the taxpayer's money, and I have desperately tried to balance each department's wants and budgets within reason, no frills. Not forgetting the necessities and services for our people.

We have kept all expenditures as low as possible, but the taxpayers must realize that there are many essentials that the City buys, plus the fixed expenses, such as, lights, fuels, stamps, etc., over which we have no control, not forgetting our payroll and cost of living salary increases.

Our budget for Fiscal 1975 - 1976 therefore was very carefully screened and our tax base of \$8.35, which is only 15c more than the previous year and is the very lowest figure that was possible. Our School Department, as usual, gets the lion's share of the City's income.

With it all Revenue Sharing funds were used to a great extent in holding the tax base down.

The main floor offices at City Hall, formerly occupied by the Treasurer and City Clerk are now in the process of being completely rehabilitated, for use for the Police Department. These areas, plus their present offices, will give the Police Department all of the main floor at City Hall. These overall modern facilities will give them better operational quarters. The cost of this complete alteration, when finalized, will be funded by Revenue Sharing.

We were able to secure several people for City employment through the Federal Manpower Act. All these salaries being paid by the Federal government. We are in hopes of securing a few more just as soon as more money is made available.

It was necessary to close the North Main Street swimming pool. This facility is in very poor shape and in a hazardous condition.

The pool was thoroughly checked by an architect, City Eng., builder and John Cioffredi, as well as your Mayor and we all came to the same conclusion, that it was unsafe. In order to make the pool useable and safe it would be necessary to expend about \$100,000, which is out of the question.

With traffic so heavy in the North Main Street area, the present location isn't the most desirable. We are looking into the possibilities of building two smaller pools, one at Meadow Street and another in the northeast or northwest section of our City. Hopefully, in the meantime our pool at the White Playground will operate to the best advantage of all.

Our Meadow Street land is in the process of being revamped for various recreational facilities. Plans have been finalized and before long parts of this area will be in use.

We purchased the corner lot on Meadow and River Streets which will be utilized as a mini-park for our youngsters, just as soon as we can ready it.

Plans are complete and partial work in a limited area is under way at Pine Hill. This will give our citizens more ball fields and other athletic categories. The major cost is borne by Federal and State funds. This BOR funding was Federal \$34,000., State \$23,800. and the City's share \$10,200. I will continue to work for complete rehabilitation of this entire area.

I am most pleased to advise that Rutland also received approval of \$375,000. in BOR funds, from the Agency of Environmental Conservation, Division of Planning.

This funding was made for and will be used for our Pine Hill program.

This allocation is proportioned, Federal, 50% — \$187,500; State, 35% — \$131,250. which makes Rutland's 15% share \$56,250.

I was able to complete an understanding whereby funding will be held in escrow for two years so that we might budget one-half of our share each Fiscal Year 1975-1976 and 1976-1977. As planned, on July 1st of each Fiscal Year we will notify Montpelier.

For the ensuing Fiscal Year one-half of the City's share is in the Recreation Department budget in the amount of \$28,125. A similar amount the following year.

May I point out that is was necessary to put this amount in our budget as we are unable to use Revenue Sharing funds as Matching Funds when Federal funds are employed.

We are most fortunate in securing the \$375,000., vis-a-vis, our outlay of only \$56,250.

With the above funds we will build a full size skating rink, with roof, three fenced open sides. The closed area will contain a First Aid room, warming room, equipment storage space and a combination furnace. This facility is similiar to the one in Brattleboro.

When the rink is not iced and/or used for skating, the floor will be so prepared that five tennis courts can be easily set in place.

Both the skating rink and the tennis courts, will fill a great need for our citizens, of all ages, as skating and tennis have become and will continue to be very popular.

These BOR funds were specifically earmarked for their intended use, and cannot be utilized for any other purpose.

I have been trying for some time to procure some outside money for a comprehensive study of our Police Department. The people I was trying to contact have been vacationing and finally was able to make contact, the end of May.

After discussions, we submitted our application for a grant from the Governor's Commission on the Administration of Justice, for a management study of our Police Department and await their determination.

On June 16th I was authorized by the Board of Aldermen to sign the application.

The Commission's funding is 90% and the City's share is 10%.

The Supervisory Committee of the Commission met on July 24 and approved our application unanimously.

This study will touch every section and operation of our Police Department. We will get a forward looking report and complete management study for an up-to-date Police Department operation. This study will be made by out-of-state experts in the field of Police work, and will take about 3 months for completion.

On April 7th Patrick Garahan was confirmed as Commissioner of the Department of Public Works. Mr. Garahan has an excellent background of professional engineering, both private and U.S. government service. I feel sure Mr. Garahan will work in the best interest of Rutland and all of our citizens.

Warren Conner, of Rutland, was engaged in mid June, as Municipal Engineer and Assistant to Commissioner P. J. Garahan. He was formerly associated with our Department of Public Works, where his performance to duty was superb. He left on his own accord for employment outside the state. We are glad he is back as he will fill an important post.

On June 16th the Board of Aldermen unanimously approved a City Planner. This is a great step forward for our City's future.

Our citizens last year had use of vacant city land for vegetable gardens. This program was very popular and was repeated again.

After months of phone calls, letter writing, bickering and meetings with State and Federal people I was able to finally convince them that we must have a traffic signal at the intersection of Center and Wales Streets. The various parts of these lights finally arrived, were installed and are now functioning satisfactorily. There are other areas in our City that need traffic alterations that I am working on. I must tell you that before any changes can be made within the TOPICS Program, both Montpelier and Washington come into play and these are difficult people to convince.

We found it necessary to purchase a bus for our Senior Citizens. We must be ever ready to help this segment of our citizens who, in the winter of their lives, earned our attention and cooperation.

A bridge was erected at the White Playground and new lights were installed at Rotary Field. These improvements were necessary for the welfare of our citizens and their children.

Extensive repairs were made on the Dorr Bridge, which had to be closed during work for about three months. Approximately \$100,000. was spent, the State funded 80% of the cost. This necessary alteration will benefit greatly all using this bridge.

The South Street sewer project was finally completed after many years of procrastination, and is working perfectly.

I regret very much that the Federal government, after review, rejected our application for funds for a Senior Citizens building and alterations in the southwestern part of our City.

We were under the impression that funding would be forthcoming, but the determination and criteria was based solely on sub-standard housing, mass unemployment and community poverty levels. Compared to other communities, Rutland's situation was not in these categories.

We will try again as we must of necessity secure outside funding and I assure you we will explore every possible area to accomplish our goal. Of necessity voluminous paper work and many meetings with various committees were held.

For their attention in this connection and their efforts with applications, etc., my special thanks to Ted Cacioppi of the Community Development Department, Montpelier, and Carl Spangler of the Regional Planning Board, whose untiring efforts, guidance and advice was just magnificent. Roger Pike of the City Planning Commission whose assistance was outstanding.

My number one concern and priority is a Senior Citizens building and I will leave no stone unturned to accomplish this purpose, plus other necessary alterations in our City.

We have not yet reached a conclusion regarding our landfill. There have been many meetings with our Aldermanic Committee and several outside firms of various operations regarding some possible action. We did have a definite proposition from a Glens Falls company some months ago, that was turned down by the Board of Aldermen. I know the importance of formalizing something definite for our landfill and will continue to work for a solution of this problem. We engaged a consulting firm in August, who will make a complete study of our operation. Hopefully with new equipment and expert guidance, we will prolong the life of our landfill. Mendon and Rutland Town will share the expense of the engineering and consulting service.

The Downtown Development Corporation is hard at work with the many facets affecting our central business district. A number of definite plans should be implemented in the near future. Their ultimate goal is to make our downtown business district, the prime shopping area of Rutland County and its environs.

They made more parking available, securing the Howard Bank lot at the northern most part of the plaza and the Town House lot on Center Street. The Downtown Development Corporation is continually looking for more parking areas.

The private Emergency Fuel Fund again functioned this past winter and I am happy to report that those unfortunate people amongst us were at least kept warm.

My office door continues to be open and our citizens are always welcome. Our Citizens Day at my office will continue periodically, with advance notice.

Our City isn't short of problems and I am ever ready and anxious to solve them. My continual efforts are in behalf of all our citizens.

Progress and improvements are my constant goal. We must continue to move forward and make our City as modern and up to date as possible. We dare not remain static. I will make every effort to search out any Federal or State funds that may become available. We must continually strive to make Rutland a better City for our citizens, industry, business and professional people, not forgetting, of course, our high schoolers and younger element.

My thanks to the Board of Aldermen, its President, all department heads and City employees for their understanding and cooperation.

My appreciation to Lew Salander, my Administrative Assistant, for his continuing help in the operation of my office.

Respectfully,

GILBERT G. GODNICK
Mayor

LETTER OF TRANSMITTAL

FISCAL YEAR 1975 - 1976 CITY BUDGET

Honorable Board of Aldermen
City of Rutland, Vermont

Gentlemen and Mrs. Stearns:

As per the requirements of Section 83 of the Charter of the City of Rutland, I herewith submit the budgets of the various departments for the ensuing Fiscal Year 1 July 1975 to and including 30 June 1976.

I spent more time on this budget than any previous one, and I regret very much the necessary increase in our tax base. I have desperately tried to balance each department's wants, and budgets within reason, no frills. We have kept all expenses as low as possible, and we all must realize that there are many essentials that the City buys plus the fixed expenses, such as, lights, fuel, phones, stamps, etc., over which we have no control, not forgetting our payroll and cost of living increases.

Unprecedented inflation has created an almost impossible situation for our City, as well as our people.

It is important though, that the necessities and services be maintained to the best of our ability, for all our citizens.

Our budget for Fiscal 1975-1976, therefore, was very carefully screened and hopefully we can keep our tax base at the least possible figure.

We should keep in mind that our School Department, as usual gets the lion's share of the City's income.

You will find budgeted an amount for a City Planning Coordinator.

In this age of progress and advancement Rutland needs a professional full-time man of this type. He will have the know-how and capabilities of securing available Federal and State funds.

This person must be wholly familiar with voluminous paper work such as, applications, blueprints, estimates, etc., plus people and departments, both state and federal offices.

I know of such a man who is most capable and importantly, he knows Rutland.

He was raised in Rutland and educated in our local schools and is a graduate of Norwich University. He has a wide and varied background in government and community relations that fits him perfectly for the job.

A City Planner today is a must and a great many cities across our country employ such a man. A planner isn't necessarily a big city need. The smaller cities have a great need because they are not as advanced generally in the various areas that tend to make a modern progressive City.

Looking ahead five to fifteen years plans must be laid now for Rutland's growth in housing, commerce, population, not forgetting water treatment, sewers and the like, and, of course, an immediate and compelling must, our landfill.

If proper preparations are not made now, Rutland will be in an untenable position. If plans were properly made back some years, we in Rutland would be in a better position today in the many vital areas.

Careful City planning will encompass everything that's important and necessary for the growth and welfare of our City and its citizens.

Rutland must plan now and build for the future if we are to make our City the vital and viable City that it should be.

I am most pleased to advise that Rutland has received approval of \$375,000. in BOR funds, from the Agency of Environmental Conservation, Division of Planning.

This funding will be used for our Pine Hill program.

This allocation is proportioned, 50% — 187,500; State, 35% — \$131,250, which makes Rutland's 15% share \$56,250.

I was able to complete a proposition whereby funding will be held in escrow for 2 years so that we might budget one-half of our share each Fiscal Year 1975-1976 and 1976-1977.

For the ensuing Fiscal Year one-half of the City's share is in the Recreation Department budget in the amount of \$28,125. A similar amount the following year.

As planned, on July 1st of each Fiscal Year we will notify Montpelier of our intentions.

May I point out that it was necessary to put this amount in our budget as we are unable to use Revenue Sharing funds as Matching Funds when Federal funds are employed.

We are most fortunate in securing the \$375,000., vis-a-vis, our outlay of only \$56,250.

With the above funds we will build a full size skating rink, with roof, 3 fenced open sides. The closed area will contain a First Aid room, warming room, equipment storage space and a combination furnace. This facility is similar to the one in Brattleboro.

When the rink is not iced and/or used for skating, the floor will be so prepared that 5 tennis courts can be easily set in place.

Both the skating rink and the tennis courts, will fill a great need for our citizens, of all ages, as skating and tennis have become and will be very popular.

The swimming pool on North Main Street will not be open this summer.

The condition of this pool from many angles is unsafe and unsatisfactory for further use.

I have had expert advice from an engineer, architect and our Superintendent John Cioffredi all of whom made careful inspections. Their findings were made to me and I agree with them wholeheartedly.

Schools

To the Honorable City Council and the Citizens of Rutland:

The 1974-75 school year has seen many improvements in our school facilities. Previous reports have pointed out the great need for the school system to improve its school buildings, and the need to allocate additional funds to repair and maintenance. During this past school year, the "old" section of Lincoln School has had extensive repairs to the roof and floor structures, and undergone remodeling and painting of the classrooms. Dana School has had its roof reinforced, and remodeling of the interior was started. A new roof was put on Southeast School, correcting a problem which has existed there for several years. Southeast has also had a second boiler installed. The High School roof has been restored, and the chimney repaired. The auditorium seats at the High School have been installed, making this one of the most attractive auditoriums in the area. Remodeling of the interior of the High School will continue throughout this year. As fuel costs go up, an increasing portion of the budget has to be set aside for heating. To minimize this, several of the buildings have been insulated this summer and fall, and four schools have had combination windows installed. It is estimated these steps will cut heating costs in these schools by at least 20%.

At the Vocational School, grading and seeding of the site is nearly complete. The development of this site for athletic facilities has been planned, and may now be started. This is planned as a long-range project, requiring several years to complete. The need for improved recreational, physical education, and athletic facilities by the school system is critical. Recent years have seen a much expanded recreational and athletic program in the school system. In addition, there has been an increasing demand for such facilities by the adult community in recent years.

During the summer, the "old" MSJ Gymnasium, used by St. Peter's school children, was repaired and painted. The children at St. Peter's now have an attractive and safe facility for physical education.

All of the vehicles of the school system have been replaced within the past three years. Buses and maintenance vehicles are now both safe and mechanically sound. The school system plans to replace vehicles on a schedule, avoiding the necessity of replacing several in one year.

While these maintenance projects are necessary, and will continue, they do not address themselves to the central issue of the adequacy of our school facilities. For the third year, this report repeats, "Important decisions will have to be made by the community in the near future about its school facilities". Throughout the spring and summer months,

Health Officer

To the Honorable City Council and
The Citizens of Rutland, Vermont:

It is the pleasure of your Health Officer to submit herewith the annual report of the Health Department for the fiscal year beginning July 1, 1974 and ending June 30, 1975.

The Health Department is composed of a three man Board of Health, appointed by the Mayor, and a Health Officer, appointed by the State Board of Health.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

519 cases of contagious diseases were reported and quarantined during the year as follows:

Strep. Infection	283
Chickenpox	231
Measles	2
German Measles	2
Mumps	1
Total	519

All reported dog and animal bites were investigated and precautionary measures taken. There were no cases of Rabies.

The free annual immunization clinics in the elementary schools were held in April. 127 children were inoculated for immunization against Diphtheria and Tetanus. In November 209 children were immunized against Measles, German Measles, Mumps and Polio.

Dr. Beale, ably assisted by Mrs. McCormack, Miss Burke, and Mrs. Plumer, School Nurses, carried out this program.

Also in October free immunization shots for influenza were offered to all City employees. 68 employees availed themselves of this opportunity. Also 73 Senior Citizens were immunized, in October.

This department urges all who are eligible to take advantage of these special clinics.

A total of 364 samples of water from the City's taps were sent to the Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. Seven samples showed slight evidence of contamination. This department again wishes to thank the Water Department for their excellent control work on the watershed and at the reservoir, especially Mr. Harry Jasmin and Mr. Rolla Jasmin.

Samples of water from the swimming pools were also sent to Burlington during the period the pools were open.

Many nuisance complaints were investigated and appropriate action taken.

As Health Officer I would like to express my appreciation for the courtesy and cooperation that I have received from the Mayor, City Council, City Employees, State Board of Health, School Nurses and the Parents and Physicians of the City of Rutland.

Board of Health:

ROBERT W. BEAUCHAMP, Phg.

HARRY RYAN, JR., M.D.

GORDON B. SMITH, M.D.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Health Officer

Milk Inspector

August 28, 1975

To the Honorable City Council and The Citizens of Rutland, Vermont:

I hereby submit the annual report of the Milk Inspector for the fiscal year July 1, 1974 to June 30, 1975.

Six hundred and fifty-five dollars (\$655.00) was collected in licenses during the year and the money turned over to the City Treasurer whose receipts I hold for that amount.

There were 15 licenses issued at the Rutland Fair, 95 restaurants, groceries, cafes, bakeries, peddlers and 4 creameries were also issued licenses during the year.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken were accepted and published in the Rutland Herald.

As Milk Inspector I would like to take this opportunity to thank the producers, plant operators and the State Inspector, Mr. George Severance, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Milk Inspector
City of Rutland, Vt.

Civil Defense

August 11, 1975

To the Honorable City Council and
The Citizens of Rutland:

I respectfully submit to you the Annual Report of the Civil Defense Department for the fiscal year ending June 30, 1975.

In July I participated in a State wide Test Exercise involving the State Civil Defense and the Civil Air Patrol organizations.

During the summer inspections were made of various City shelters with State and Federal inspectors.

At the Vermont State Fair Civil Defense again manned a booth from which a great deal of informational material was passed out to the Fair going public.

During the year I attended various conferences and seminars conducted by the State Civil Defense Department. Locally a Radiological course was held at the Rutland Fire Department with both Fire and Police Departments taking an active part in the training session. Also, a Medical Self-help course was held for the Communications staff. I participated in both these courses.

The City Disaster Plan is nearing completion. Also, with the help of the City Attorney the Civil Defense Ordinance was revised and completed.

On several occasions the Civil Defense organization was alerted when word was received that storms were approaching the City. The Emergency Operating Center at City Hall was activated with the Communications staff reporting and standing by. The Communications volunteers throughout the year stand by and are ready to render service to our community.

Through the On-Site Assistance Program Civil Defense was able to obtain a jeep for use primarily by the Police Department.

Final payment was received from the Federal government for damages received in the 1973 flood. The total amount of payment came to \$101,942. A great deal of assistance came from the State Civil Defense office in finalizing the papers required for the final payment.

It was a pleasure to speak before several Service organizations, parents and teachers meetings and radio talk program about the Civil Defense Programs. I also participated in the Elks Youth Day Program and was very happy to be a part of this worthwhile program.

In the fall I assumed responsibility for the coordination of the Mayor's Emergency Fuel Fund. With the cooperation of the Rutland Opportunity Council many families were helped from this program throughout the winter months.

This year saw the completion of the second year as head of the School Crossing Guards program and again I wish to express my appreciation to all the Guards for their untiring devotion to their job. They certainly are to be commended for their dedicated effort and I know they will continue to do a good job in the future.

The Block Mothers Program continued to show improvement and it was gratifying to see an increased enrollment to the Program. A First Aid course was offered and was well attended by the Block Mothers.

In closing I want to thank Mayor Gilbert G. Godnick, the City Council, City officials and employees, all the volunteers, Mr. Richard Holmes and his State Civil Defense staff, the local radio stations and newspapers who at one time or another were called upon to render assistance to this Department during the past year.

Respectfully submitted,

ALDO M. MANFREDI
Director - Civil Defense

Recreation and Parks

To the Honorable City Council and The Citizens of Rutland:

It is with pleasure I submit to you our Annual Report for the fiscal year ending June 30, 1975.

ATHLETIC FIELDS:

Again the Summer of '75 heard the cries of enthusiastic sportsmen. Existing Leagues include:

34 Adult Softball Teams	6 Babe Ruth Teams
(4 Divisions)	6 Junior League Teams
12 Midget League Teams	21 Mitey Mite Teams

The City had only one Softball Field, and one Midget League Field which were playable this Summer. Thanks to the Rutland School Department, Northeast and R.H.S. were made available, and thanks to the College of St. Joseph the Provider, their field was used.

PINE HILL PARK:

The first phase of Pine Hill was begun in the Spring of 1975. Drugg Construction Company of Troy, N.H. was low bidder. The first phase included construction of a baseball and little league field with backstops and other supporting equipment, site work, seeding and construction of a gravel packed lot, and a paved road leading to the field and parking area. The project was developed with B.O.R. funds providing 50 percent of the total project, 35 percent of state monies and 15 percent of the city's monies.

MEADOW STREET PROJECT:

Thygesen Construction Company of Barre, Vt. was low bidder. Construction began in the four phase program with developing of two softball fields, 2 basketball courts, along with site work, fencing, paving and other related work. Revenue Sharing Money and Budgetary Funds provided the capital for the project.

SENIOR CITIZENS CENTER, 117 West Street

Programs at Center

Crafts	Pool	Wreath Making
Oil Painting	Library Services	Quilting
Rug Hooking	Darts	Holiday Celebrations
Rug Braiding	Checkers	Hot Meal Program

Social Services Offered

Income Tax Assistance
Information and referral
Staff participating with local
social service agencies

Participating in Community Affairs

Halloween Float and Parade
Montpelier Senior Citizens Day
Nursing Home Visits
Annual Friendship Party
First Annual Fashion Show
R.S.V.P.
Political Speakers prior to Elections
Active Attendance at City Hall Meetings

Cultural Activities

Visit to Art Museum
Crossroads Performances
Castleton Cultural Arts
Center
Trip to Plays

During the past twelve months some fifty activities were offered servicing approximately 13,500 senior citizens. A Senior Citizens Craft Shop opened this year in an effort to financially aid the elderly through the sale of their handcrafted items. Attention is constantly given to potential discounts at local retail outlets. The Center is one of the local sites of the Federal Nutrition Project. During the past year a noontime catered hot meal was served to over 3,000 Senior Citizens at a nominal fee.

The Transportation Program, sponsored by the Department, transferred approximately 10,697 passengers taking Senior Citizens to and from the Centers activities, plus numerous field trips and shopping sprees.

The City applied to the U.S. Housing and Urban Development (HUD) for funds to construct a Senior Center at the cost of \$175,000 on the city owned land between Temple Street and Woodstock Avenue. The application was turned down. The city has hopes of re-applying.

SKATING RINK:

Funds to develop a Skating Rink in the Pine Hill Park Area, on phase II, were approved with fifty percent from the Federal Government, thirty-five percent from the State and fifteen percent from the City. The rink would not be completely enclosed, but have three open sides and a roof, the fourth side would contain first aid facilities, and would be transformed into tennis courts in the warm months. Emphasis will be on recreational skating, not to conflict with the newly built Royce Mandigo Rink.

ST. PETER'S MINI PARK:

The first shipment of equipment arrived this past summer for the Park, and we are now awaiting the second shipment. The Park should open in the Spring of 1976.

MAIN STREET POOL:

The Board of Aldermen approved the closing of the forty-eight year old pool, one of the nation's oldest Municipal pools.

DR. RALPH H. SEELEY MEMORIAL FUND:

As of June 30, 1975 the fund totaled \$1,897.01. Donations and the Dr. Seeley Memorial Tennis Tournament Entry Fees go into the fund for the construction of a tennis court in memory of the Doctor.

SPRING AND SUMMER EVENTS AND PROGRAMS**Playground and Camp Areas:**

Meadow Street	Northeast Playground
Rotary Field	Northwest Playground
White Playground	Pine Hill Day Camp
Madison St. Mini Park	

**FIFTH ANNUAL PLAYGROUND CARNIVAL . . .
entitled "Fantasyland"**

Again this year the Carnival proceeds were given in the name of David McNamara to the Jimmy Fund. Prizes were donated to the Carnival by local merchants and each Playground constructed a game or gimmick in the Park to entice local youngsters to try their luck.

SUMMER ACTIVITIES (*New Programs)

Track and Field	Softball, Adult, Recreation League
Tennis Tournneys	and Division A, B, and C.
Tennis Lessons — Youth & Adult	Bike Hikes
Basketball League, High School	Fishing Derby

Weight Room	Coin Club
Sauna Bath	Stamp Club
Camera Club	

CHRISTMAS EVENTS

Childrens Christmas Party	Christmas Dance
Doll Contest	Sliding and Tobogganing
Skating Party & Contest	Roller Skating
Record Hop	Crafts Program
Story Hour	High School and College Basketball
Wreath Making	Tourney
Snowman Contest	

TOY PROJECT

One hundred and fifty families received boxes of gifts. Our special thanks goes to I.H.M. Congregation for their Giving Trees, St. Peters Parishioners for their donations, the Rutland Sq. Dance Club, staff of the National Grange Mutual Insurance Co., and the many private citizens who so generously donated gifts or money for the Project.

FIGURE SKATING

The Department sponsored skating lessons, including figure skating for boys and girls age four—eighteen at the Royce Mandigo Hockey Rink on Saturday, from 11 A.M. to Noon. Mrs. Cheryl Cross and Mrs. Chris Cady donated their time and effort in setting up and instructing classes.

MICHAEL COLEMAN AWARD:

Jeff Gecha, age 11, of Northeast School won the Michael Coleman Award for best exemplifying good sportsmanship.

HANDICAPPED PROGRAM:

Under the leadership of Mrs. Rose Fuller, who has Special Education background, conducted a class twice a month at Rotary Field House for those children with special needs. Some of their activities included . . . crafts, skating, field trips and games.

CLUBS AND ORGANIZATIONS UTILIZING CENTER

Rock and Mineral Club, Garden Club, Council on Aging Agency, Rutland Democrats and Republicans, Downtown A.C., Right to Life, Boy Scouts, Legion of Guards, Humane Society, International Mediation Society, Crossroads Art Council and the VFW Convention are but a few.

LONG RANGE PLANS

1. Continued improvement and development of Meadow St. Playground area.
2. Special Park for Senior Citizens
3. Continued Development of Pine Hill as a Recreation Complex.
4. Lighting of all Municipal Athletic and Recreational Facilities.

FISCAL NEEDS FOR THE DEPARTMENT ARE:

1. Department Park Policeman
2. More Mini-Parks
3. Lighted Fields
4. Fill for White Playground
5. Handball Courts
6. Main Garage
7. More Maintenance Equipment

I would again like to thank the Mayor, Board of Aldermen, members and citizens of Rutland for their continued support and encouragement. I would also like to thank my staff, Frank McCormack and the staff of WHWB, Ralph Smith and the staff of WSYB, Tom Fagan, Tom Chesley and the School Board, Mr. Donald Parker, Judge Howard Douglas, Grant's Department Store for their donation of a bicycle for our Halloween Contest, all the Midget League and Babe Ruth Coaches and other volunteers who so generously donated their efforts and time, the Rutland Herald, Rutland Weekly Calendar and the Vermont Sunday News for their cooperation.

Total expenditures for the Department \$220,603.14

Total Receipts \$12,955.35

Respectfully submitted,

JOHN W. CIOFFREDI, Superintendent
Recreation & Parks Department

Fire Protection

To The Honorable City Council:

Gentlemen & Mrs. Stearns:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1975.

The Department responded to 389 alarms as follows: Telephone 255, Street Box 114, Automatic detection 16, Verbal 4. The Department responded to 514 Special Service calls of a various nature making a total of 903.

The Rescue vehicle responded to 195 of the Special Service calls. A large percentage of these calls were for assistance to persons who were ill or injured.

The Aerial lift responded to 122 of the Special Service calls covering 154½ hours. An average of 1¼ hours per call. A large percentage of these were for traffic signal & fire alarm work.

There were 12 General Alarms. There were 2 deaths caused by fire during the year. The Department answered 7 calls in the Town of Mendon and 1 mutual aid call to Fair Haven.

The fire loss as far as could be ascertained is as follows:

	Buildings	
Sound Value	Insurance Carried	Insurance Paid
\$588,672.40	\$510,344.00	\$148,842.27
	Contents	
\$61,500.00	\$ 50,700.00	\$ 8,173.25

Personnel of the Fire Department consist of 1 Chief, 2 Assistant Chiefs, 2 Captains, 2 Lieutenants, 30 Regular Firemen, 10 Call men.

Apparatus

Engine #1—1963—1000 GPM Maxim Triple Combination
 Engine #2—1969—1000 GPM Maxim Triple Combination

Public Works Dept.

August 15, 1975

To The Honorable City Council and the Citizens of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for the fiscal year ending June 30, 1975.

The summary of accomplishments listed below is an attempt to categorize the tasks of the Department. In addition to this listing there are innumerable routine tasks which are performed daily. The Department is on call twenty-four hours a day, seven days a week. Employees respond to emergencies of all types. Citizens are reminded to call the Police Department for emergency situations after regular working hours or on weekends.

STREETS AND SEWERS DIVISION

Donald Foster, Assistant Superintendent

Donald Santwire, Foreman

James Ward, Foreman

STREETS:

Hot Mix (Bituminous Concrete) Paving Program

9249.5 tons of hot mix were placed by our contractor, Frank W. Whitcomb Construction Corporation at a cost of \$125,788.46.

Streets paved (or portions of) were as follows: Church Street, North Street, Ivy Street, Moulthrop Street, Granger Street, Baxter Street, Noyes Avenue, Earl Street, Crescent Street, Shadow Lane, Grove Street, Ash Street, Green Knolls Lane, Northeast Drive, Church Hill Road, Victor Place, Catherine Drive, Giorgetti Boulevard, Curtis Avenue, Perkins Road, Stratton Road, Jeffords Street, North Main Street, Thrall Avenue, Kingsley Avenue, Butterfly Avenue, Mussey Street, Holly Street, Linden Street, Orchard Drive, Hill Pond Road, Healy Lane, LaVerne Drive, Hillside Road, Clematis Street, Division Street, Belmont Avenue, Park Court, Highland Avenue, Jefferson Street, Brightview Avenue, Ronaldo Court, Piedmont Drive, Mayfield Avenue, Newport Drive, St. John Street, Easterly Avenue, Gleason Road, and Dorr Drive.

Surface Treatment Program

5,175 gallons of MC 800 asphalt at a cost of \$2,271.82, 173.34 tons of peastone at a cost of \$370.93, 17.95 tons of washed sand at a cost of \$26.44 were used to seal streets.

Streets included in this program were: Campbell Road, Park Street, Water Street, Lalor Avenue, Oak Street Extension, Rosemary Avenue, and Gleason Road.

Major equipment items purchased during the year were as follows:

1 Pavement Breaker

1 Hot Mix Trailer

1 Hot Air Furnace for the Garage

1 Sand Blaster

We installed 655 feet of raw concrete curbing and 165 feet of new concrete sidewalk, and replaced 1,046.5 feet of concrete sidewalk, and 95 feet of concrete curbing. Hot mix curb was installed on Hillpond Road, Victor Place, North Street Extension, Haywood Avenue, Brightview Avenue, Charter Hills Development, Ronaldo Court and Butterfly Avenue.

We installed 424 feet of culvert pipe at Ronaldo Court, 715 feet at Newport Drive, 1,267 feet at Charter Hills, and 1,496 feet at Upland Drive.

Number of Inspections	1,000
Number of Violations	4
Number of Violations Corrected ..	4
Number of Water Samples	202

Firewood Cutting Permits: 82 permits for 144 cords of wood at \$1.00 per cord.

Water Treatment: Rolla Jasmin, Water Treatment Manager

A new prechlorination facility was placed into operation in January and the intake to the City reservoir on Mendon Brook. This will provide even better protection and water quality for all users.

1,394,486,400 gallons of water were treated by the City during the year.

Water Distribution: Bruce Matt, Water Distribution Manager

The Public Works Department and all City employees were saddened by the sudden death of Water Distribution Manager Martin Notté on July 8th, 1975. Marty had worked for the City for 30 years and will be badly missed by all.

WATER POLLUTION CONTROL PLANT

I hereby submit the Annual Report of the Water Pollution Control Plant, Rutland Vermont for the year ending June 30, 1975.

A total of 1,915,243,000 gallons of sewage and storm water was processed at the plant during the past year. In addition 105.25 cubic yards of grit was removed from the system together with a various assortment of debris other than sanitary waste, the latter resulting from the undesirable combination of the Sanitary and Waste Water run-off system currently utilized in this City.

Unfortunately we are still experiencing difficulty with our flocculating device as reported in 1974. A new transmitter installation was ordered in October but to date has not been received. Our supplier has on numerous occasions promised delivery, however we are still waiting and prodding. We are anxiously looking forward to the early completion of this project.

We have experienced many malfunctions with our equipment such as deterioration of the gas pipe line in the Digester Control Building, furnace trouble and a water line break in the Administration Building plus many less serious failures. However, we were most fortunate to escape catastrophes such as those we experienced in the last two years or so.

As in the past we have had the pleasure of conducting many tours of students and individuals through the plant. We are pleased at the interest shown by many students in particular and are looking forward with pleasure to more visits from these groups.

During the past year one of our employees, Dominic "Shifty" Corsi, terminated his services for personal reasons and we at the plant miss him a lot. All of us wish him most sincerely the best of health and happiness in the future. Joining our force in his place is Phil Gennodie and I would like to take this opportunity to welcome him aboard. He has shown considerable interest in this operation and has attended several Seminars in connection with Water Pollution Control which will I am sure prove most beneficial in the future.

I would like to personally thank all the employees at the plant for their dedicated and faithful services, and look forward to their continued cooperation. I know that because of their efforts this plant has and will continue to operate most efficiently.

P. J. Barone, Plant Superintendent

ADMINISTRATION

Over 1,600 work orders were issued during the year. Most of these orders resulted from citizens calling or visiting the office to request work to be done.

The administrative staff performed the payroll, accounting, and bookkeeping tasks required by the Department. The payroll system is being converted to computer processing to provide more efficient data processing and retrieval.

ENGINEERING

The Engineering Staff performed the following tasks during the year: Construction Plans and Inspection for the Spruce-South Streets Storm Sewer Separation Project, Curb and Sidewalk Programs, Engineering Plans and Surveys for storm sewer and road reconstruction projects, sewer and water main extensions, investigation of citizen complaints, tree reports and investigations.

Warren Conner returned to the Engineering staff in June 1975 as Municipal Engineer. His experience and knowledge in City work is of great benefit to the Department.

Our Consulting Engineers, Malcom Pirnie, Inc. completed a Water Facilities Design Report and an Infiltration/Inflow Analysis for the water and sewer systems respectively. They are preparing information to construct a Water Treatment Plant and to upgrade the Water Pollution Control Plant to a secondary treatment facility.

Howard McLaughlin of the Streets and Sewers Division retired in December 1974 after almost 20 years service with the City.

Patrick J. Garahan replaced Lyman H. Styles, Jr. as Commissioner of Public Works in April 1975. Mr. Styles had served as Commissioner for six years.

I would like to express my gratitude to all of the personnel of the Public Works Department who have helped me in my first few months as Commissioner. I would also like to thank the Mayor, other Departments and the Board of Aldermen for the cooperation and courtesy shown to me and the Department.

It is my intent to have the Public Works Department provide maximum service to the taxpayer at the lowest possible cost. I request the continued cooperation and assistance of all citizens to achieve this goal.

PATRICK J. GARAHAN
Commissioner of Public Works

HOURS AT CITY LANDFILL

Monday through Saturday—8:30 A.M. to 4:15 P.M.

NOTE: No entry after 4:15 P.M.

Stump Dump same hours as Landfill — Stump Dump is for materials originating in Rutland City only.

Holidays—8:30 A.M. to 12:00 Noon with the exception of Christmas, New Year's Day and Thanksgiving Day.

Closed all day Sundays, New Year's Day, Thanksgiving Day and Christmas Day.

Further information on the City Landfill operation is to be found in the Department of Public Works Annual Report.

I wish to thank his Honor, the Mayor, the Honorable Board of Aldermen, the Board of Zoning Adjustment and all other City Departments for the cooperation and assistance.

Respectfully submitted,
JAMES B. CRANDALL
Building Inspector

Board of Zoning Adjustment

Honorable Mayor Godnick,
Honorable City Council
City of Rutland, Vermont

Gentlemen and Mrs. Stearns:

Another year has rolled around and again it is my pleasure to submit a report on the activities of the Board of Zoning Adjustment from July 1974 to July 1975.

We have had calls for many more "Home Industries" in the home than usual or requests to make over their barns for workshops, some which could not be granted on account of the area.

Some of the older homes have been changed into four and six apartments. Others to commercial or professional offices. There were not quite as many new homes as usual. Some new business places on the outskirts.

Some new mobile homes were allowed and requests for Mobile Home Parks are under consideration.

In closing we wish to thank His Honor, Mayor Godnick, the Members of the City Council, the Zoning Administrator and his assistant for their help and cooperation at all times.

Respectfully submitted,

MARY V. QUIGLEY
Board of Zoning Adjustment

Constable and Tax Collector

To the Honorable City Council:

Gentlemen:

I hereby submit my report as City Constable and Tax Collector for the period from July 1, 1974 to June 30, 1975.

Delinquent poll taxes, real estate, and personal property taxes collected amounted to \$116,425.94. Delinquent water rents and sewage disposal bills were also collected in the amount of \$16,862.51 for a total of \$133,288.45.

To His Honor, the Mayor, the City Council, the City Attorney, City Officials and employees my sincere thanks for their assistance and cooperation.

Respectfully submitted,

L. BERNARD WATERMAN
Constable and Tax Collector

Police Protection

To the Honorable City Council
City of Rutland, Vermont

Gentlemen and Mrs. Stearns:

I respectfully submit the Annual Report of the Police Department for the fiscal year ending June 30, 1975.

The long awaited renovations of the Police facilities is under way and hopefully will be completed early this fall. This will improve greatly the efficiency and working conditions in the department and solve many problems we are now concerned with.

Training the past year has been curtailed somewhat and we have not been able to accomplish that degree of training hoped for. All officers received training or courses in firearms, cardio-pulmonary resuscitation, recognition, handling and disposition of intoxicated persons, D.W.I. in-service training, defensive tactics and intoximeter seminar. Special courses were attended as follows: Det. Williams, Juvenile Officers Seminar; Sgt. Densmore, F.B.I. firearms instructor school; Lt. Lafley, Officers Taylor and Caulin, Investigators Surveillance school; Officers Taylor and Caulin, photography school. All special officers have attended a 30 hour basic training course.

The Police Cadet program now has 18 very active members and are actively involved in all phases of police work. This has proved to be a very successful program.

I would like to express the appreciation of the entire department to all other law enforcement agencies, the press, radio and television people, who have assisted and worked along with us.

I extend my thanks to his Honor, Mayor Godnick, the Honorable Board of Aldermen and City Officials who have helped in any way during this past year. Special thanks to them all for recognizing the need and making possible the renovations now in progress.

Respectfully submitted,

City Clerk

To the Honorable City Council, City of Rutland, Vermont
Mayor Godnick, Gentlemen and Mrs. Stearns:

Submitted herewith as required by Vermont Statutes, the Rutland City Charter, and the Ordinances of the City of Rutland is the report of activities of this office mandated for the period 1 July 1974 to 30 June 1975.

We have now been in our new quarters approximately one and a half years. Except for one problem which I will dwell on later in this report I am happy to say all efforts to solve our space problem have not been in vain. We still make an adjustment here and there as our needs demand. Persons using the vault are well pleased with the space and accessibility to the many records.

It was not impossible to visualize a problem in our Food Stamp Department what with the depression (recession) constantly before us through the news media. In 1968 when this office was delegated to sell Food Stamps our records show that for cash received in the amount of \$136,772.65 we sold stamps the value of which was \$205,085.00. Elsewhere in this report covering **this Fiscal Year** for cash received in the amount of \$590,784.50 we sold stamps the value of which was \$1,135,695.00. This type of operation is somewhat like a bank in that we must balance daily, deposit frequently, make out and send on to the state the forms which balance off our operation. The Food Stamps are only sold by us. We do not designate who does or does not receive them. **We receive 30 cents per transaction which amounted to \$10,494.00 this past year.** This does not cover our expense and in fact selling food stamps has been a losing proposition since it began but being the second largest city in the state it is a most necessary obligation. We have asked for an increase in the fee and were refused. There is presently a new location on 10 Evelyn Street which is handling stamps. This sanctioned by the state and under their direct supervision. Because of this downstairs (cellar) operation and the traffic problem in this area I cannot see much relief. We presently employ another person 4 days each month. During the 2 day busy period twice a month our other help spend considerable time with the bookkeeping end of the food stamp program and also assist during the lunch hour, sickness, vacation etc. It was recently necessary to install another stamp window to alleviate the rush periods. We are seeking ways of relief from the problem and hopefully report a reduction in our next report.

Our Board of Aldermen use both the chamber and our conference room almost daily for committee work which has increased constantly each year.

Our office works closely with all city offices and appreciates the cooperation we receive from them. Our thanks to Mayor Godnick and the Board of Aldermen for their support of the city clerks office over the years.

To the employees in my office I again express my appreciation for their professional knowledge of their work and their loyalty.

Respectfully submitted,

JOHN W. BARRETT
City Clerk and Purchasing Agent

**OFFICE OF THE CITY CLERK
REPORT OF VITAL STATISTICS
For the Calendar Year 1974**

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1974 was as follows:

Total number of births registered in 1974 715

Total number of deaths registered in 1974 462

Total number of marriages registered in 1974 234

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

Food Stamp Administrator

City Grand Juror

August 25, 1975

Honorable City Council
City Hall
Rutland, Vermont 05701

To the Honorable City Council and Citizens of the City of Rutland:

I am honored to present the annual report of the Office of the Grand Juror for the fiscal year ending June 30, 1975.

The office of the Grand Juror has continued to carry forth the prosecutions for the City of Rutland in the area of motor vehicle law violations and ordinance violations. Furthermore, an arrangement has been reached with State's Attorney John Liccardi regarding prosecution of criminal matters in the City.

There continues to be a large amount of revenue to the City from fines imposed for violation of ordinances, particularly the ordinances involving motor vehicles. This has again made this office self-sufficient, and should continue to do so.

I would like to take this opportunity to thank all City Officials and employees for their cooperation and assistance in the past year, with special thanks to the officers and staff of the Rutland Police Department.

Respectfully submitted,

HENRY C. BRISLIN
City Grand Juror

Assessors' Office

August 14, 1975

To the Honorable City Council
City of Rutland, Vermont

Gentlemen:

I am pleased to submit the annual report of the Assessors Office for the fiscal year ending June 30, 1975.

The City has completed its second reappraisal and has added four million dollars to the Grand List.

The office is now busy getting ready to start the third reappraisal which will be completed in 1978.

I would like to take this opportunity to thank Mayor Godnick, the City Treasurer's Office, the City Clerk's Office and all other City Officials for their cooperation and assistance.

Special thanks to my fellow assessors, Charles Franzoni and Robert Fox, Sr., also to our secretary Peggy Cillo and to Mary Bostwick of the School Department.

Respectfully submitted,

EARL F. TURNER, Chairman
Board of Assessors

Rutland Free Library

REPORT OF THE LIBRARIAN

For the Year Ending June 30, 1975

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my twelfth annual report as the Director of the Rutland Free Library.

The library's services and programs continued their growth and expansion during this year, as did the use made of the library. All of this can be seen in circulation statistics, in reference usage, in attendance by the public at both established and newly added programs, and in an atmosphere characterized generally by bustle and by very frequent hours of peak demand made upon the library's services.

As most are by now aware, the Rutland Free Library, since January, 1970, has been a beneficiary of the Gustav H. Grimm and Family Fund, with all of the library's book, periodical, pamphlet, film, record, and other audio-visual materials provided for, and on an expanded basis by the Fund.

Heavy use was exemplified by the circulation of adult books, that statistic exceeding by a wide margin any previous figure in the library's history. In part, of course, this reflects the current economic situation, and in part it represents the recognition by library users of the library's resources. It is very satisfying to the library when it is able to fulfill such service demands made upon it by people with wants and needs.

The various outreach services of the library, such as biweekly visits to Templewood, Sheldon Towers, and private homes, and monthly deliveries of books to rest and nursing homes continue to be utilized as well.

Equipment and Building Projects

In addition to the very heavy use of the library, a main component in the year's activity pattern was the work done in the areas of building projects and equipment. Two bicycle racks were installed at the northwest end of the library sidewalk at the beginning of the summer. Restoration of the north side lawn was undertaken with the addition of topsoil and with seeding.

Floor lamps and footstools were added to the Lawrence Reading Room to enhance further its use by readers. Two file cabinets now house the collection of the New York Times on Microfilm.

The heavy schedule of movie film showings necessitated the purchase of a new 16 mm. film projector. A second addition to the audio visual area was a heavy duty turntable with attached headsets for public use. A newspaper rack which provides more space than did its predecessor was developed by Mr. Maynard, the custodian, from old third floor storage room shelving.

A modern emergency lighting system was installed on the first and second floors of the building to encompass all areas used by the public. Bevelling of the threshold at the ramp entrance and the placement of a railing outside the northwest emergency exit door were done. Storm windows were added to fifteen first floor windows in the continued interests of energy conservation.

Fire Marshal Projects

A number of projects, in addition to all of the above, were carried out in accordance with State Fire Marshal's Office orders. A sheetrock covering was applied to the area around the southwest stairway landing between the first and second floors. The custodian constructed a separate janitor's supply room in the northwest corner of the basement in the library addition.

Another ruling of the Fire Marshal's Office directed that the boiler room proper be extended to include what always had been the bound periodicals storage room, which was adjacent to it, and that three new fire doors and a louvered window be installed there. Carrying out this enlargement of the boiler room involved moving the library's collection of old and recent bound periodicals, old yearbook runs, and other bound volumes, dismantling the old cast iron shelving, and reassembling the shelving for these books in the new basement. The addition of a dehumidifier in the new basement marked the completion of this move, with the installation of fire doors and louvered window following this.

Painting Projects

Two painting projects also were completed. One was the painting and freshening up of the second floor north front storage room, which now serves as a dressing room for performances in the auditorium across the hall, and also as an auxiliary room from which light refreshments can be served to audiences in attendance at various events there. From the second floor north rear storage room more cast iron shelving and several sections of wooden shelving were transferred to the old basement to expand the growing sections of recent years' unbound periodicals.

Nella M. Grimm Fox Memorial Room

Using library trust funds and matching Revenue Sharing Funds the old second floor auditorium, originally a courtroom, was renovated and modernized. Modern lighting, accoustical materials, new folding

chairs, drapes, carpeting, and combination windows all were installed in the course of the painting and renovating. A number of old auditorium light fixtures were utilized in the adjacent hallways on the second floor, and in the first floor north hallway. Painting of these halls and stairways also was done, including the second and third floors south and the first, second, and third floors north. A lavatory next to the auditorium at the end of the hallway also was renovated. Solid core doors were installed at two locations leading from the first floor north hallway.

In addition, antique furniture, oriental rugs, and a Steinway grand piano from her estate helped fulfill the wish expressed in the last will and testament of the late Nella M. Grimm Fox that articles given under that bequest "be placed in a room to be known as 'Nella M. Grimm Fox Memorial Room' at the Rutland Free Library Association." Appropriately, the modernized auditorium received its first use at the Association's Annual Meeting in September.

Fox Room Programs

A biweekly Noon Book Review Series was offered starting in October, and the series was well received by attendees who were served coffee with their bag lunches. More than a dozen Rutland area reviewers discussed current titles of topical interest related to their respective subject fields at these sessions.

In December and January a film and discussion series sponsored by the National Project Center for Film and the Humanities was held on five Monday evenings in the Fox Room. Despite winter weather, attendance was good and on two occasions approached room capacity for the viewing of outstanding films and the discussions which followed of the films' relationships to the series theme, "The Identity Crisis." Professor Thomas H. Smith of Castleton, who was assisted by four discussion leaders, was the academic humanist for the series.

During midwinter the Fox Room Committee of the library board turned over the responsibility for auditorium programs to a newly formed Friends of the Library group. Mrs. Howard T. Swain, former trustee and board president, was named chairman pro tem of the group.

A petition which had been made by the library to the courts was approved in the spring. This frees a portion of the Grimm Fund money for certain uses other than that of materials acquisition, one of these uses being the programming in the Fox Room. In June Mrs. Swain was appointed to the new position of Program Chairman.

A sampling of the programs presented in the Fox Room indicates the variety and the number of these offerings, all of which are free of charge and open to the public. In addition to the film and discussion series and the noon book review series described above, piano concerts, a talk on edible wild plants with tasting samples, a yoga demon-

stration, harp concert, Legal Aid Series, a lecture on early Rutland, slide show and lecture on cave exploration, a Sometime Theater presentation, panel discussions, an opera soprano concert, and a Bicentennial Reception and plaque presentation to John Pell of Fort Ticonderoga are a partial listing of activities held in the room during the winter and spring of its first year following renovations. Some of these programs were sponsored by the library, while others were sponsored by groups in the Rutland community.

Among other library programs were film and story hours for children, a weekly game, story, and movie hour for pre-schoolers, and a public meeting of the Vermont Department of Libraries Board during National Library Week. A concert by the Trio di Monti also took place at the beginning of that week, which came to a close with a special children's program of songs and poems, and which also featured a display case exhibit, tours of the library, Library Week mobile, poster, and bookmark materials, and a book review related especially to that week. The library invites individuals and groups having appropriate program thoughts in mind to contact it regarding use of the Fox Room.

Exhibits

Some of the displays, contributed by library staff and members of the community, which the double-faced lighted exhibit case housed this year were a collection of old Norwegian toys, books, and knick-knacks, Chinese cooking utensils and other paraphernalia, a selection of ceramic and other three-dimensional works by high school students, a Strauss display, watercolor exhibit, and Julia Dorr historical display. The library welcomes ideas for more displays from interested exhibitors.

A book sale was held in August, and plans were made for another during the Bicentennial Year in 1976. The Director attended a meeting of the Rutland Downtown Development Corporation regarding the Bicentennial events in summer 1976 and reported on this, along with suggesting the taping of Rutland's man-on-the-street reactions to our country's 200th anniversary.

Weeding Projects

Planning ahead and maintaining collections of materials in a library involve both the acquisition of printed and audio-visual materials and a continuing process of weeding little used and outdated materials, the latter sometimes prompted in part by space needs. The intensive work which was done this year in several areas will be continued during the coming year, with some shelf rearrangement anticipated.

Staff

New members of the staff who began working in the library during the year were Mrs. Deborah C. Higgins, who joined the staff in September as Assistant Children's Librarian, and Mrs. Jane Godzik, check-writer and assistant to the treasurer. Mrs. Godzik replaces Miss Jo-

sephine Rosmus, who retired after more than twenty years of faithful service. Evening reference room supervisors during the winter months are now Russell E. Randlett and Robert F. McNulty, Jr.

In attendance at a weeklong Vermont Department of Libraries audio workshop held in Rutland was Mrs. Higgins, with several other staff members and trustees from the library also present for some of the sessions.

Board of Trustees

Officers of the Rutland Free Library Board of Trustees were Lincoln M. Fenn, President; Mrs. James F. Chase, First Vice President; Charles W. Conner, Second Vice President; Mrs. Robinson E. Keyes, Secretary; and Mr. Richard L. Noel, Treasurer. Mr. Noel also headed the Finance Committee, whose other members were Mr. Conner, Mrs. Verne J. Goodwin, Walter M. Moore, and Howard S. Rosen.

Mrs. Chase chairmanned the Fox Room Committee, assisted by Mrs. Donald R. McIntyre and Mrs. John D. Moore. The many building projects occupied the attention of House Committee Chairman Mrs. Robert E. Bossardt, and of her committee members Mrs. Chase, Mrs. Keyes, Mrs. C. Getty Page, and Mrs. Merritt Thomas. Mrs. Thomas also was chairman of the Nominating Committee, which also included Mrs. McIntyre and Mr. Moore.

Serving on the Personnel Committee were Mrs. Keyes, its chairman, and Mrs. Chase, Mr. Conner, Mrs. Moore, Mrs. Page, and Richard F. Sullivan.

Again, in this year of marked growth and further expansion of services and programs, it was a pleasure to work with the other members of the library staff, the library trustees, and city officials, and I would like to express my appreciation for their help and cooperation. We anticipate a year in which even more use will be made of the library's resources and its programs, and look forward to being a part of this.

Respectfully submitted,

CHARLES D. MAURER, JR.
Director of the Rutland Free Library

Rutland Mental Health Service, Inc.

ANNUAL REPORT FOR RUTLAND CITY

1974 - 1975

To The Honorable Mayor Godnick, City Council,
and Citizens of Rutland, Vermont

In the past year, Rutland City placed a greater demand than ever before upon Rutland Mental Health Service for both direct and indirect services. It was also a year in which we up-graded existing programs to meet community expectations for quality.

The following direct service program changes affected your community: 1. further development of a quality outpatient counseling and evaluation program, 2. development of an expanded emergency service, 3. strengthening of hospital related services, and, 4. expansion of our services to the developmentally disabled population.

In addition, we have continued our pre-school, youth and family activities program, aftercare program, acute day hospital, and the services to the retarded. Currently our agency-wide direct service caseload is about 1,200 persons with 15 to 25 new clients per week.

In regard to indirect services, Rutland Mental Health through contractual arrangements provides consultation and education services to the City schools, with social services, the Correctional Center, Probation and Parole, boarding and nursing homes, and early childhood programs. Consultative services are provided to the medical community, the clergy and other caregivers.

For the City of Rutland, the following has been provided:

Total number of persons served: 555

Problem areas

Socialization Problems	Psychosis	Developmentally Disabled
470	11	74

Admissions

First	Re-admits	Ages Child	Adult	61 & over
		0-17	18-60	
465	90	126	410	19

Income

Welfare	\$50-99	\$100-149	\$150-199	\$200-299	Unknown
124	81	102	53	31	164

Our costs, as elsewhere, have risen. Rutland Mental Health Services is striving to provide quality programs and at the same time maintain fiscal accountability. The employment of high caliber staff and the minimizing of administrative costs are our approach to maintaining this objective.

Your continued support is essential to the continued ability of Rutland Mental Health Services to offer comprehensive services to the citizens of Rutland City.

Respectfully submitted,

GILBERT D. ALIBER
Executive Director

City Attorney

To the Honorable City Council
City of Rutland

Gentlemen and Mrs. Stearns:

I respectfully submit the Annual Report of the City Attorney for the fiscal year 1974-1975.

This year has seen a great deal of legislative activity involving the City Attorney. We have revised many of our ordinances, with the cooperation of the Charter and Ordinance Committee, in an attempt to up-date our City legislation. We are now involved in a proposed zoning amendment, calling for the close cooperation of the Planning Commission, the Board of Aldermen and the City Attorney; and this very important piece of legislation is under consideration at this time, with public hearings being scheduled.

Litigation:

The City Attorney's office continues to represent the City in various litigation in the State and Federal Courts, as well as the local District Court. We have experienced a great deal of civil rights legislation under the Federal law, and the City Attorney has been actively engaged in representing the City and the School Board in Federal Court in litigation arising from the Statutes. Several cases are still pending, including litigation arising from an action of the Board of Liquor Control Commissioners this past Spring. This office continues to be involved in environmental hearings, and is presently working with the cooperation of the Mayor and our Vermont legislative representative in Montpelier, in up-dating of our environmental laws to protect our watershed. In addition to actual Court litigation, many hearings were attended involving administrative agencies, and work continued in protecting the City in various claims arising from personal injury and property damage involving the municipality.

Legal Advice:

Our daily contact with the various department heads involving City business and legal issues, particularly with the Department of Public Works, the City Treasurer and the City Clerk, has advanced on an expanding basis. Opinions were prepared for various departments, for the Mayor and for the Board of Aldermen. The expansion of Federal and State government, in cooperation with the City in various proposals

involved the preparation and review of contracts. Advice on bidding procedures and awarding of contracts was particularly sought during the past fiscal year. The participation of the City Attorney's office with the School Department continues to grow, and many meetings and conferences were held regarding litigation over the Vocational High School.

I would like to thank the Mayor and all department heads who have generously offered their help to this office during the past year.

Respectfully submitted this 13th day of August, 1975

RICHARD WALSH NORTON
City Attorney

Rutland County Humane Society, Inc.

August 8, 1975

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

During the fiscal year 1974-75, the Rutland County Humane Society cared for over 3050 animals at our Shelter, an increase of more than 650 over the previous year. Included were 1507 dogs and 1517 cats, plus numerous rabbits, hamsters, guinea pigs, ducks, wild birds, raccoons, white mice and rats, parakeets, canaries and a porcupine. About 40% of these were from the City of Rutland. We also boarded 279 dogs brought in by the Animal Control Officer. Only 60% of these were claimed by their owners—the rest were disposed of at our discretion.

Our operating expenses for the year went up to \$18,466.43, an average cost per animal of over \$6.00. This is \$.50 more than last year. We received \$3,000 from the City, the balance coming from Towns in the County, memberships, donations and fund-raising activities.

Our Humane Agent, Edward Wheeler, answered 30 complaints in the City, and worked with the Police Department when needed. The Police Officers, in return, have been most cooperative in helping us when we call on them.

Many groups and individuals visit our Shelter on Stevens Road, in Pittsford. We welcome all who are interested in animal welfare and control.

We are grateful for the support of Mayor Godnick, members of the Board of Aldermen, Police Chief Jenne and his officers, Fire Chief Koltonski and his Dept., Recreation Superintendent Cioffredi and the Citizens of Rutland.

Respectfully submitted,

ELLEN PORTER
Treasurer, RCHS

THE RUTLAND AREA VISITING NURSE ASSOCIATION, INC.

15 E. Washington Street Rutland, Vermont 05701

TO: The Honorable City Council and The Citizens of Rutland

It is my pleasure as Director of the Rutland Area Visiting Nurse Association to present our Annual Report for the fiscal year ending June 1975.

The health care demands continue to increase and The Rutland Area Visiting Nurse Association is always striving to provide the best possible care to the people in their homes. It has been a proven fact that it is cheaper to keep people in their homes for health care, than institutionalizing them, whenever possible. Health care costs have increased to a startling figure. Our costs have naturally increased with inflation, but we are still the cheapest form of health care.

Our program includes Skilled Nursing, Physical Therapy, Speech Therapy, Occupational Therapy, and Homemaker—Home Health Aide Service. We are also providing preventive clinics monthly at Templewood Court and Sheldon Towers. The Agency is also involved with follow up of all Brandon State School out patients and a clinic at Qahal. We coordinate service supplying nursing staff for all well child conferences clinics in Rutland County.

Our Agency works closely with other community resources so we may bring the best possible continuity of care to all people in need.

Total direct services into the home that have been provided are as follows:

Skilled Nursing Visits	4,825
Home Health Aide Visits	2,356
Physical Therapy Visits	546
Speech Therapy Visits	84
Occupational Therapy Visits	23

We continue to coordinate services with the Hospital for better discharge planning providing the best possible continuity of care for people that can go back to their homes.

We provide pre-natal classes for expectant parents with follow-up care in the home for the new born and mother, when the need arises.

Our Agency continues to meet the requirements to be a certified Home Health Agency giving Senior Citizens the benefits of the health program.

We are always happy to provide nursing staff for any event that requires skilled nursing for city residents. We do many evaluation visits for area physicians to determine patients needs and report back, possibly preventing hospitalization. This has proved to be a very worthwhile part of our program even though it is a free service.

We are looking forward to another busy year continuing to serve the people of Rutland City, striving for the best quality of health care.

Respectfully submitted, EVELYN MORGAN
Director

*The Chaffee Art Gallery***RUTLAND AREA ART ASSOCIATION, INC.**

August, 1975

Report to City Officials and
Board of Aldermen

As the trustees of the Chaffee estate now wish to sell our present gallery building, we have been given first opportunity to purchase this including additional land for parking. We feel that this Rutland landmark is the ideal location for the Art Gallery, also that it is of great value in keeping downtown Rutland a center of activity. Negotiations are under way and an all out fund drive by this non-profit corporation will begin this year.

Attendance has been good and should increase for September and October. The August Art in the Park, in conjunction with the Park and Recreation Department was a great success; another such event is planned for October.

We have continued our successful operation under the direction of the board of trustees and other volunteer members. These volunteers are assisted by two part-time paid secretaries and our new business manager.

We wish to express our appreciation for the interest and support given by the city officials both for past years and what we hope will be our future. The city grant, the loan of the building, memberships, contributions and commissions are what keep us in existence, offering a cultural center to the area.

EDITH H. SMITH

(Mrs. Gordon B. Smith)

President of the Trustees

Rutland Housing Authority

To the Honorable City Council
Rutland, Vermont
Gentlemen:

Templewood Court celebrates its 7th birthday this September. Sheldon Towers and Forest Park have been in operation since May, 1972.

The Housing & Urban Development Agency has granted us, this year, a substantial amount of money for modernization and rehabilitation of the three projects.

This covers:

1. Increased parking areas at Templewood Court.
2. Replace 85 pillars at Templewood Court.
3. Repair concrete facing at Sheldon Towers.
4. Correct the Sewer System at Forest Park with 15 clean-outs and 6 new Manholes to prevent plug-ups that occur frequently.

The Nutrition Program, designed for individuals over 60 years of age, provides hot dinners every week day at Sheldon Towers and Templewood Court for both tenants and other eligible persons. This program has been most appreciated by the recipients.

We were most grateful for painting done at Templewood Court at no labor cost by the Urban Youth Organization.

As required by the U.S. Department of HUD, the records of the Rutland Housing Authority were audited and approved by Archibald M. Peisch & Company, Certified Public Accountants.

Mrs. Jan C. Esposito resigned her position as Tenant Relations Coordinator and was replaced by Mrs. Elizabeth Steele. Mrs. Steele initiated and continued to direct the Food Co-op which is carried on at Forest Park for the whole community.

Special appreciation is extended to Mr. Joseph A. Giancola who served as a Commissioner for the Authority. Mr. Giancola was replaced by Mr. Paul D. Trapani.

The personnel working for the Board of Commissioners are:

Willis B. White—Executive Director
Francis F. Waterman—Deputy Director
Grace F. Bean—Administrative Assistant
Sally R. Turner—Bookkeeper & Secretary
James Elder—Custodian, Templewood Court
James McFarren—Custodian, Sheldon Towers
James Carroll—Custodian, Forest Park
Elizabeth Steele—Tenant Relations Coordinator

In conclusion, we wish to thank his Honor Mayor Gilbert G. Godnick, the Rutland Police Department as well as the Department of Public Works for their continued cooperation.

Respectfully submitted,
JOHN A. LIBBEY, Chairman
Board of Commissioners

Department of Education

Library Treasurer

Hon. Gilbert G. Godnick
Mayor of Rutland
Rutland, Vermont 05701

Dear Mayor Godnick:

I am happy to enclose the Financial Report of the Rutland Free Library Association, Inc. covering the period from July 1, 1974 to June 30, 1975.

On behalf of the Trustees may I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, our sincere appreciation for your co-operation and support in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

RICHARD L. NOEL, Treasurer
Rutland Free Library Association, Inc.

Auditors' Report

To the Honorable City Council
City of Rutland, Vermont

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period of July 1st, 1974 to June 30, 1975.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1975 and the result of operation for the fiscal year.

Respectfully submitted,

WARREN G. GOODRICH

R. NEWTON OWENS

JAMES L. RALEIGH

Auditors

Dogs and Other Animals

EXCERPTS FROM OUR DOG ORDINANCE RUTLAND CITY

§ 2551. Disturbance of quietude as public nuisance

It shall be unlawful for any dog owner or keeper to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

§ 2552. Confinement

(a) The owner or keeper shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire.

§ 2553. Impoundment; notice thereof

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded.

§ 2555. Penalties

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.

"IT'S THE LAW"

No person owning, operating or controlling a motor vehicle shall park, or cause to be parked said motor vehicle on any street or highway within the central business district of the City of Rutland from 3:00 A.M. to 6:00 A.M. inclusive.

"IT'S THE LAW"

You cannot plough your driveway snow out into a city street.

"IT'S THE LAW"

You cannot use your power mower OR snow blower in such a manner that they blow grass or snow into the streets.
Anything you can do to help keep this city clean will be appreciated!
